December 8, 2020

Dear Parent/Guardian:

I would like to thank you for helping protect our schools by keeping your child(ren) home when they have been feeling ill. With the current spread of COVID in our community, it is appreciated that you are taking this precaution and that you are keeping the office updated on your child(ren)'s condition.

When your child, Grade 6-12, is not in school, due to not feeling well or just to quarantine, their teachers are putting their assignments on Google Classroom. Some teachers are even offering the option of "zooming" with students in class each day so they do not miss the class lecture/discussion.

Students, in turn, should be completing and turning in these assignments digitally. Missing assignments cannot be graded and will cause a lower grade in that class until that assignment is turned in. If your child(ren) are quarantining, their assignments are due at the same time as their classmates. Assignment due dates will be listed in Google Classroom. If your child(ren) are ill, then their assignments will be due when they return to school.

When calling in to excuse your child(ren), please let the office know if they are staying home to quarantine due to being a close contact, if they have tested for COVID and the results, or if they are just not feeling well. The reason for your child(ren)'s absence may help determine how the missing assignments are put into the gradebook.

Thank you again for your cooperation and assistance as we maneuver through this difficult time. Together we can offer the best education for our students in the safest way possible.

Sincerely,

Steven C. Bucks  
Superintendent
